STRIKE DISTURBANCE

Small Sized Riot Takes Place In Chicago.

FOUR PEOPLE BADLY INJURED.

Twenty-Eight of the Rioters Are Arrested and Locked Up—The Police Had to Resort to Their Revolvers Before the Disturbance Was Quieted—The Trouble Extends to Joliet.

CHICAGO, May 8.—A serious strike occurred at the plant of the Illinois Steel company in south Chicago yesterday morning, 1,300 men throwing down their tools and walking out. Yesterday evening a fight occurred in the company's yards, and it was found necessary to call out the police. The strikers for a time stood their ground against the officers, but were soon defeated and driven from the premises.

The men most seriously hurt were: Jack Shepherd, a machinist, struck on the head by a hammer in the hands of a striker, severe scalp wounds, rendered unconscious, will recover.

Edward Shaks, striker, thrown out of a machine shop by workmen, body bruised.

Officer Liendecker, hit with a coupling pin, bad cut over right eye.

Officer Patrick McCauley, hit in the mouth with a brick.

Twenty-eight men, who are said to have been the leaders of the strikers at the rioting, were arrested and locked up at the South Chicago police station. They are charged with rioting. They are all ignorant Huns, Poles and Bohemians.

According to Vice President Forsythe of the company, this spring the furnace men signed a scale of wages, callings for the rate of \$2.10 per day. This scale has been observed up to the present time, but yesterday the men demanded that they be paid at the rate of last year, which was somewhat higher than the scale that they had signed for this year.

The company declared that it could not pay anything except the scale which had been agreed to for this year, and the men walked out.

The strike closed two blast furnaces, two others were undergoing repairs and the remaining four were at once shut down until the conclusion of the strike, the company concluding that it was unwise to attempt to run until the matter was settled. This action of the company threw in all about 3,500 men out of work, none remaining in the yards except the watchmen and the machinists.

The strikers were at first disposed to be orderly and peaceable, but later affairs took on an ugly aspect and it was found necessary to call on the police to drive them out.

Shortly before 6 o'clock last night a crowd numbering 1,600 men forced their way past the watchmen at one of the gates and proceeded to take possession of the company's property. They marched first to where some of the laboring men were still at work. Not much trouble was experienced with the laborers, but when the strikers reached the machine shop, where about 400 machinists were employed they met with a different reception. The machinists have a scale of their own and the fight of the other men made no particular difference to them and they refused either to quit or to allow themselves to be driven out of the yards.

The strikers who for the most part were composed of Huns and Poles made several attempts to persuade the machinists to leave their work, but finding themselves unsuccessful they began an attack upon the machine shop with stones and such things as they could pick up. The machinists for the most part stood their ground and gave the strikers as good as they sent. The fight was growing warm, and broken heads and bloody noses were growing very common, when the police, who had been summoned when the fight first began, arrived. They were under the command of Captain Jenkins, who at once made a charge on the mob with his handful of officers.

The strikers at first refused to give ground and the police used their clubs freely. This did not have the desired effect and Captain Jenkins ordered his men to draw their revolvers and fire over the heads of the strikers. As soon as this was done the mob broke and fled wildly from the premises of the company. The fight only lasted a few minutes and there was no more rioting.

One of the minor officials of the company did not exactly agree with the cause of the strike as given by Mr. Forsythe. He said: "The men who struck were hired three weeks ago to take the places of old employees who were being paid \$2.10 a day and who would not work for the schedule of \$1.60, which was put into effect at that time. They were hired on the contract system and had agreements for a year."

"With the \$1.60 men on the furnaces are a number of day laborers who are working for \$1.15 a day, and whose wages were voluntarily raised from \$1 a short time ago. They are satisfied, but if the furnace men quit they will have nothing to do, and will be out of work, although they should not be counted among the strikers. The men who agreed to work for \$1.60 asked the old scale which had been paid the men whom they replaced. It was not granted and they struck."

It Extends to Joliet.

*JOLIET, Ills., May 8.—The Illinois Steel company in this city closed yesterday on account of a strike. The switchmen, engineers and firemen and ingot men of the steel works are out on a strike for higher wages, with 1,600 men thrown out of work. The ingot men,

who were receiving \$1.50 for 12 hours' work, want \$1.80. The engineers want their wages raised from \$1.32 to \$1.68. The firemen, who are getting \$1.50, demand \$1.67 and the switchmen want an increase to \$1.80 from \$1.50. The repair shops, blast furnaces, machine shops, foundries, blacksmith and boiler shops, carpenter and pattern shops are all in operation. The strike has been very orderly so far.

CONDITION OF CROPS.

Reports Made to the Weather Bureau at Washington.

WASHINGTON, May 8.—The weather bureau, in its review of weather crop conditions for the week ended May 6, says: Generally the week has been very favorable. In the northwestern states much needed and, for the present, ample rains have fallen, which, with usually high temperatures, have been exceptionally favorable for germination of seeds and rapid growth of all vegetation. The heavy rains of the previous week have caused delay in farm work in portions of the Carolinas, Virginia and Maryland. Rain is badly needed in Michigan, Ohio and the greater portion of Pennsylvania.

Corn planting is progressing rapidly during the week in the northern states and is generally reported as in promising condition in the central and southern states, although considerable damage has been done by cut worms in some sections.

Cotton planting is about finished in the southern portion of the cotton region and is nearing completion in the northern portion; it is coming up to a good stand cultivation is well advanced.

Winter wheat has been unfavorably affected by warm, dry weather in Missouri and Ohio; Illinois reports the crop in excellent condition where rains have fallen; in Tennessee it is beginning to head.

Tobacco plants are reported plentiful in Maryland; in Kentucky the beds have been injured by insects and in Ohio the dry warm weather has retarded growth.

Fruit prospects continue excellent.

REVOLUTION IN ECUADOR.

The United States Steamship Ranger Ordered to Protect American Interest.

WASHINGTON, May 8.—The fact leaked out at the navy department yesterday, after having been successfully hidden from the public for a week, that the United States steamship Ranger had been ordered from Buena Ventura, Colombia, on May 2, to Esmeraldas, a port in Northern Ecuador, where she probably has been for the last four days, the voyage being only about 450 miles in length. This order was issued at the request of the state department, where it was stated that the request had been made because the department had been convinced by representations made by Americans having interests in Ecuador that it would be wise to do so.

No further statement as to the nature of the trouble that has arisen in Ecuador could be gathered at the state department, but from other sources it is learned that a revolution is believed to be impending in that country as the outcome of the bitter popular dissatisfaction engendered by the use of the Ecuadorian flag to cover the transfer to Japan of the Chilean cruiser Esmeralda last winter. Some American corporations have large interests in silver mines and other properties in Ecuador and it was upon their representations that the state department acted, although it has no assurances that a revolution has actually broken out.

WOMAN FALLS TO DEATH.

While Cleaning Windows She Grows Dizzy and Drops Sixty Feet.

CINCINNATI, May 8.—Mrs. Kate Speckman, 44, and living with her husband and several small children at 29 Budd street, met with a fearful death at noon yesterday. She fell from the sixth story of the Kenilworth flats, on Seventh, between Plum and Central avenue, and was instantly killed. Alighting on her head, her brains were scattered over the sidewalk.

Mrs. Speckman goes about working as a domestic. Yesterday she was employed by a Mrs. Gleason, living in Flat 8 of the Kenilworth, to assist in house cleaning. The flat is on the sixth floor. About noon Mrs. Speckman started to wash one of the windows. While standing on the windowsill, washing the upper sash, she became dizzy and fell. A fearful scream attracted every one in the neighborhood. A second later, her body, head foremost, struck the pavement, 60 feet below. The remains, horribly mangled, were taken to the morgue.

Signed the Scale.

PITTSBURG, May 8.—Phillips, Nimick & Company, owners of the Sligo mill, yesterday signed the wage scale of the Amalgamated association. This is the first victory for the strikers and as this mill has been nonunion for years, the signing of the scale is especially significant. The striking puddlers at the other iron works are still out, and will not go back unless paid \$4 per ton. The Clinton mills have only one yet running at the nonunion rate and this is expected to be closed soon.

Offer For the Syndicate Wheat.

SAN FRANCISCO, May 8.—An offer of 80 cents a cental is said to have been made for the Fair syndicate wheat in bulk, 175,000 tons, more or less. This would make the total purchase price \$2,720,000, but the offer was refused, the bid being considered too small.

Our Asiatic Squadron Moving.

WASHINGTON, May 8.—The vessels of the Asiatic squadron continue to patrol Japan and Chinese waters. The Baltimore has sailed from Yokohama to Nagasaki, Japan, and the Yorktown from Chin-Kiang to Che-Foo.

CORNER IN OUR GOLD

Gigantic Scheme of the Morgan-Rothschild Syndicate.

PREMIUM FOR REFINED GOLD.

Fully Two-Thirds of the Entire Gold Output of the United States Being Purchased by This Syndicate—The United States Treasury Completely at Their Mercy If More Bonds Are Issued.

CHICAGO, May 8.—A special to The Post from Washington says: The discovery that there is an actual basis for the report that the Morgan-Rothschild bond syndicate is conspiring to corner the gold market has been regarded as a foolish canard. It is a fact, however, that brokers representing this syndicate have been paying a premium for the refined gold output of the private refineries throughout the west during the last two months and that they are accumulating fine gold at the rate of \$2,500,000 to \$3,000,000 per month, which represents fully two-thirds of the entire gold output of the United States.

The attention of officials of the treasury department was first attracted to the peculiar business by the sharp falling off in the deposits of gold at the mints, and inquiry very soon developed that private parties were buying the product of the refineries. Further inquiry revealed that the metal was purchased and was drifting to New York, where it is being put in store to the credit of the Morgan-Rothschild syndicate.

In order to divert the stream from its usual channels leading into the United States mints the private purchasers have been obliged to pay a premium of 1-8 to 1-2 cents. The premium paid for most of the gold was one-eighth cent, but so anxious have been the buyers to increase their lines and get everything in sight that they have marked up their quotations during the last few days. At the present time they are getting practically the entire output of the United States, excepting for the extreme western coast.

Many long-headed men in Washington and Wall street, who are familiar with the methods of the parties composing the syndicate, have jumped to the conclusion that the foundation is being laid for another bond deal before congress meets again. The last bond deal of \$62,000,000 has been pretty well closed out, over \$51,000,000 in gold having been paid out of the \$84,000,000, and it is generally believed the entire deal will be cleaned up before the first day of August.

Under the terms of contract with the treasury department, the Morgan-Rothschild syndicate has an option on any new bonds that may be issued by the government prior to October 1, next. The treasury is absolutely in their hands until that date. If from natural causes or through chicanery and manipulation the administration is obliged to issue another batch of bonds to maintain the gold reserve, the sale must be made to the syndicate that took the last issue.

There is no escape from such action. It was nominated specifically in the contract signed by direction of the president. The clause in which the syndicate agrees to maintain the treasury reserve leaves the syndicate to be the judge as to what it can do in the premises or to what methods it shall adopt. If, in the carrying out of that moral obligation, the syndicate shall decide that the government must issue another \$100,000,000 or \$50,000,000 in bonds the administration will have nothing to do but comply with the terms.

If the president does not want to issue any more bonds at the dictation of the syndicate the reserve can be practically wiped out in 10 days, and then if he should decide in self-protection to put out more bonds, he must sell them to the Morgan-Rothschild people and nobody else. The new bonds are selling today in open market at 121 1-2. They cost the syndicate 104 1-2, which would show a profit of 17 points in the operation, amounting in all to \$10,540,000. It would not be fair to say the syndicate made that much out of the operation, but it is very safe to estimate its profits at \$8,000,000.

The syndicate is hurrying the completion of its present bond deal with the government. It deposited over \$1,000,000 yesterday, which will bring the reserve up to very nearly \$93,000,000. It will not have to complete these payments until the first of August, but the operation may be closed up within a few weeks. That will leave the syndicate a free field.

Treasury Statement.

WASHINGTON, May 8.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$179,190,693; gold reserve, \$91,680,976.

WRECK AND MUTINY.

British Ships Having Their Troubles in Chinese Waters.

SAN FRANCISCO, May 8.—The steamer Gaelic from Hong-Kong brought the news that the British ship Earnslife from Manila to Hong-Kong, thence to San Francisco, is a total wreck on Princess island off the coast of China. Her crew was picked up by the Danish steamer Lister en route to Bolivia. The value of the ship and cargo is said to be not less than \$200,000.

From the same source comes the intelligence of a mutiny on the British ship Tanderlog, while at Lilo, a British settlement 200 miles from Hong-Kong. Half of the crew mutinied and the men attacked the captain and second officer with knives. One sailor stabbed the captain three times in the back. The captain shot his assailant dead. The

second officer was seriously wounded by the knives and clubs of the mutiniers, who, with the aid of the first and third officers, were finally driven at pistol point to the fore-castle and kept there until a launch from a British gunboat, in answer to signals, brought marines to the rescue. The mutiniers were sent to England in irons.

FULTON GORDON'S TRIAL.

An Argument Between Counsel Occupies the First Day.

LOUISVILLE, May 8.—The examining trial of Fulton Gordon, who killed his wife and Arch Dixon Brown a week ago, was up yesterday in the city court. Colonel James Andrew Scott of Frankfort was present at the request of Governor Brown, simply to hear the evidence, and not with a view to further action. Mr. Marmaduke Bowden made a statement on behalf of the Bush family, in which he declared it was their intention to take no part in the trial.

The evidence produced was in substance the same as has already been published regarding the tragedy. There was a hot argument over the admission of Gordon's statement to the officers after the killing, Gordon's counsel claiming that he was in such a condition, both mentally and physically as not to be able to make an intelligent statement.

The prosecution contended that all the evidence went to show that Gordon had acted coolly and deliberately and that his confession to the police officers should, under the laws of evidence, be admitted.

Judge Thompson said he would take the question under consideration, and the trial was then adjourned.

GOVERNOR MORRILL EXPLAINS.

Why the Vouchers Were Issued Before His Inauguration.

TOPEKA, May 8.—Governor Morrill returned to Topeka yesterday, but no warrant of arrest has been sworn out. Attorneys for Warden Chase still insist, however, that the arrest will be made. To a reporter the governor said he knew nothing of his proposed arrest till he read it in a paper this morning. Referring to the vouchers which are causing him so much trouble, he said: "There is nothing about the issuance of those vouchers but what is all straight as far as I am concerned. The employees in the office came to me and said they thought they ought to be paid for the work they did for the state prior to inauguration. I agreed with them and proposed to pay them out of my own pocket. They would not listen to my proposition to pay them, but insisted that the work was done for the state and the state should pay for it. They asked that the vouchers be made to read: 'For extra services during the legislature,' but I would not listen to that. I supposed that if I had made out those vouchers for 'extra services,' we would never have heard of it again, but I don't propose to do business that way."

NEW VESSELS.

Within Fifteen Months Six Will Be Added to Our Navy.

WASHINGTON, May 8.—The six new gunboats for which plans have recently been approved by the secretary of the navy will be known as Nos. 10, 11, 12, 13, 14 and 15 until they are named by the secretary. It is the intention of the construction bureau in preparing the specifications to have the new boats completed in the least possible time and it is said that they ought to be ready to go into commission within 15 months.

The naval bill provides that not more than two shall be built at any one yard, and some rivalry is likely among the firms securing the contracts to complete the boats as quickly as possible. Information received at the department indicates that there will be some very spirited competition among the different yards, as the firms capable of doing the work have asked for complete and early information as to plans and specifications.

Death in an Elevator Shaft.

ST. LOUIS, May 8.—John G. Chandler, aged 60, a leading attorney of this city, was instantly killed yesterday afternoon by falling down the elevator shaft of the Security building. He fell head foremost from the seventh floor to the first and struck on his head and shoulders. Mr. Chandler had been practicing law with distinguished success for 25 years. Before coming here he was located at Wheeling, and was then the attorney of the Baltimore and Ohio Railroad company. Nine years ago he was appointed the attorney for the Chicago, Burlington and Quincy Railroad company for St. Louis. The deceased leaves a widow, formerly a Miss Barber of Sandusky, O., and several children.

Little Drops of Oil.

LIMA, O., May 8.—Lima oil declined yesterday, but not so much as has been its habit for the past two weeks. After the market reached \$1.25, and started downward, it jumped at 10 cents a clip. After a day or two it fell back to 5 cents at a leap; then to 2 1-2 cents, and yesterday it dropped 2 1-2 cents more. North Lima is now 77 cents, South Lima 75 cents, and Indiana the same as Monday, 64 1-2. Tiona, the finest crude produced, is down to \$1.90; Pennsylvania to \$1.50, Barnesville to \$1.40, Corning to \$1.35, and Newcastle to \$1.25.

One Paroled, the Other a Fugitive.

COLUMBUS, O., May 8.—Ralph K. Paige, sentenced to five years in the Ohio penitentiary for uttering forged notes while cashier of the Painesville bank, three years ago, was paroled yesterday. David R. Paige, his brother, who helped wreck the Painesville bank, is now a fugitive from justice in South America.

QUIET AT POCAHONTAS

Soldiers on the Ground but Doing Nothing.

MINERS THOROUGHLY ORGANIZED

Mass Meetings Held Every Day and the Field a Unit For the Strike to Continue. Operators Preparing to Import New Men. Blow to the Pittsburg Men—An Agreement Expected in Ohio.

POCAHONTAS, Va., May 8.—The best of order has been preserved in this city. The miners held a mass meeting yesterday just across the state line in West Virginia. Soldiers would not permit travel on the thoroughfares, but the meetings were reached. The miners are now thoroughly organized, and will hold mass meetings daily at Simmons and Mayberry in West Virginia.

The fields are a unit for the strike, but the coal companies here say they intend to run the mines if new men have to be brought in.

The Southwest Virginia Improvement company and the Eckman mines have telegraphed for 600 miners to come to this place and the houses are now being put up by the company to house them. Mr. Bullitt says he intends to win or break the Pocahontas company. No one knows what may be the outcome in the event of foreign miners coming in. The struggle is now on in earnest and it promises to be a long and a hard one.

The Southwest Virginia Coal company issued circulars last night that it would pay all the men on Thursday, but no men who occupy the company houses would be paid until the houses here are paid for. As most of the houses here are the company's nearly all the miners will be dispossessed. What this feature will lead to will be hard to foretell.

The output yesterday was 20 cars of coal and 15 of coke.

Blow to the Pittsburg Miners.

PITTSBURG, May 8.—The striking miners of this district received another setback yesterday when 22 white miners from Philadelphia arrived here, and went to work in the Jumbo mines at the operators' rates. All the employees of the Standard Coal company have gone back to work at the 60-cent rate and things are looking decidedly blue for the strikers.

The miners of the Mansfield Coal and Coke company struck yesterday. The news of this district reached the city in the afternoon, but no reason was assigned for the trouble. The men have been receiving 69 cents per ton, and it is thought that an attempt has been made to cut them down to the 60 cent rate.

Encouraging to Ohio Miners.

BELLAIRE, O., May 8.—The situation among the coal miners in this part of Ohio, looks encouraging. Many operators are willing to pay the 60 cent rate. It is predicted here that as soon as any West Virginia coal is shipped west over the Baltimore and Ohio road, it will be stopped. The miners opposite here in West Virginia, are organized and will work in conjunction with the men here.

An Agreement Expected.

POMEROY, O., May 8.—Joint meetings of the mine delegates and the operators was held here yesterday afternoon for the purpose of settling the difficulties in the district, but was a failure owing to the operators not being fully represented. Another effort will be made. The miners demand last year's prices, and some of the operators are willing to pay the price. It is believed that a satisfactory adjustment can be arranged.

WHO IS TO BLAME?

An Ohio Mine Owner Says the Pennsylvania Operators.

CLEVELAND, May 8.—General Manager A. G. Blair of the Wheeling and Lake Erie road which is a large owner of Ohio mining property, speaking of the coal strike says:

"The Ohio operators will all pay 51 cents per ton on the basis of 60 cents in the Pennsylvania fields. The miners came to the convention instructed to demand the old scale of 70 cents, or 19 cents more than the price according to the usual 9 cents differential between Ohio and Pennsylvania. They finally came down to 60 cents and there they stopped. The whole trouble is due to the selfishness of the Pennsylvania operators who wish to get the lake trade from Ohio without regard to the cost of getting it, either to the Ohio miner or operator. Of the summer trade of the Ohio operators fully 65 per cent is to the lakes and it is this trade that the Pennsylvanians want. To enable Ohio to get any of it, the differential of nine cents between Ohio and Pennsylvania must be observed. The price of 51 cents which Ohio offers is the price with the differential on the present Pennsylvania rate. It has been the custom for the two states to share this trade equally and this Ohio is now willing to do."

"There is no division among the Ohio operators. They are united, and all are willing to pay the 51 cents. My latest advice is that the miners will call a meeting between now and May 15 for the purpose of reconsidering the offer of 51 cents, and this will probably adjust the difference now existing."

BUENOS AYRES, May 8.—There was a severe earthquake yesterday at Mendoza, capital of the province of that name. The inhabitants were terror stricken and fled from the town. Mendoza is situated about 53 miles southeast from the volcano of Aconcagua.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors

WEDNESDAY, MAY 8, 1895.

Generally fair weather, warm-
er, south winds.

Mr. Crisp proposes that as in his es-
timation a majority of the people seem
to be for free silver the Democratic party
should proclaim itself for free silver.
Here is what the New York Times
thinks of the proposition:

What Mr. Crisp now does, therefore,
is to propose to the party an entirely
new departure. His policy is strikingly
like that of the famous "new departure"
of the Hon. Clement L. Vallandigham,
or Ordo, previous to the great struggle of
1868. He also urged his party to aban-
don all other matters and make the cur-
rency the sole issue of the Presidential
campaign, taking a position absolutely
inconsistent with its previous record.
The party followed his advice, and to
prove its sincerity offered Horatio
Seymour, who when Governor of New
York had refused to pay the interest on
her debt in greenbacks, as a sort of ex-
piatory sacrifice.

It took sixteen years to overcome that
criminal blunder and elect a Democratic
candidate to the Presidency. When suc-
cess finally came it came with a candi-
date who, on finance, stood with the
Seymour of 1863, and not with the Sey-
mour and Vallandigham of 1868. If Mr.
Crisp's advice is followed next year, as
Mr. Vallandigham's was followed, the
Democratic party will be extremely for-
tunate if another of its candidates shall
reach the White House by the year 1913.

"Predictions, of course, are only pre-
dictions," remarks the Courier-Journal,
"but history is the record of experience,
and no history is fuller of vital informa-
tion for the present generation than that
which traces the course and ultimate
failure of all unsound money heresies in
the past."

PERSONAL.

—Rt. Rev. Bishop Maes, of Covington,
was here yesterday on business.

—Mr. C. L. Overly has returned from
the Soldiers' Home at Marion, Ind.

—Mrs. Blake Stewart, of Charleston,
W. Va., is the guest of Miss Lena Means.

—Mrs. George Ort, of Felicity, O., is in

The "Gold Spectacle" Swindle.

[Hippley Bee.]

The "gold-spectacle" chestnut was
worked on quite a number of our citi-
zens last week, who ought to have known
better. One lady who purchased a pair
for \$1.25, remarked that it was the first
time she had ever gotten a bargain. A
gentleman was jubilant because he had
"jewed" the swindler from \$2.50 to \$1.00.
The parties were retelling oranges, etc.,
and of course, "he found a pair of gold
spectacles on the highway, which they
would sell at a great sacrifice, they having
no use for them." These spectacles are
purchased at less than a dollar a dozen,
and are no good. We know of at least
six who were taken in on this scheme.
Patronize none but home merchants
hereafter, if you do not want to be rob-
bed, is our advice.

THE CITY ASSESSMENT.

It Amounts to Nearly \$3,000,000—
Some Interesting Figures From
Assessor Lovel's Books.

City Assessor John C. Lovel has com-
pleted the work of listing the property
in Maysville for taxation this year, and
that it has been well done, goes without
saying. Without disparagement of any
of his predecessors, it can be truthfully
said the work was never gotten up in a
better and more business-like shape.
Mr. Lovel has made a complete summary
of the assessment, by wards, and it
shows some interesting figures.

The total assessment this year amounts
to \$2,735,890. Of this \$2,090,340 is on
real estate, leaving about \$700,000 as the
value of merchandise and other property.

The assessment of real estate by wards
is as follows:

Ward No. 1.....	\$ 240,525
Ward No. 2.....	536,375
Ward No. 3.....	490,445
Ward No. 4.....	302,270
Ward No. 5.....	236,575
Ward No. 6.....	174,450

Total.....\$2,090,340
The whites own \$2,055,615 of the real
estate and the colored, \$34,725.

The assessed value of merchandise, by
wards, is as follows:

Ward No. 1.....	\$ 12,975
Ward No. 2.....	141,655
Ward No. 3.....	130,625
Ward No. 4.....	25,600
Ward No. 5.....	21,635
Ward No. 6.....	12,815

Total.....\$352,305

The value of notes and accounts and
surplus money is as follows:

Ward No. 1.....	\$ 22,445
Ward No. 2.....	85,300
Ward No. 3.....	67,000
Ward No. 4.....	18,150
Ward No. 5.....	16,400
Ward No. 6.....	10,700

Total.....\$230,995

The total assessed value of personal
property is as follows:

Ward No. 1.....	\$ 46,520
Ward No. 2.....	224,230
Ward No. 3.....	227,995
Ward No. 4.....	49,975
Ward No. 5.....	40,730
Ward No. 6.....	27,090

Total.....\$645,550

KNOWLEDGE

Brings comfort and improvement and
tends to personal enjoyment when
rightly used. The many, who live bet-
ter than others and enjoy life more, with
less expenditure, by more promptly
adopting the world's best products to
the needs of physical being, will attest
the value to health of the pure liquid
laxative principles embraced in the
remedy, Syrup of Figs.

Its excellence is due to its presenting
in the form most acceptable and pleas-
ant to the taste, the refreshing and truly
beneficial properties of a perfect lax-
ative; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.

Syrup of Figs is for sale by all drug-
gists in 50c and \$1 bottles, but it is man-
ufactured by the California Fig Syrup
Co. only, whose name is printed on every
package, also the name, Syrup of Figs,
and being well informed, you will not
accept any substitute if offered.

A GOOD MAN GONE.

Death of Darius Norris, at German-
town—News From That
Village.

T. M. Dora lost a valuable horse of colic last
week.

Prof. T. J. Curry and family are spending the
week at Georgetown, O.

Mrs. Henry Sheeler and family, of Bourbon,
are visiting relatives here.

Dr. C. W. Norris will only spend a few days
with his mother before returning to New York.

Amos Gordon, of Parkersburg, and Hon. Rolla
Hart, of Fleming, were among those from a
distance who attended the funeral of D. Norris.

Darius Norris was taken sick on Tuesday night,
April 30th, 1895, and died in the afternoon of the
following Friday. His taking away was sudden
and unexpected, yet his health had not been
good for more than a year. In his death our
town and community have suffered an irrepa-
rable loss, and the church a faithful and con-
sistent member. Industrious and energetic
to a fault, he was proud of the home and its
surroundings that he has rendered so lovely and
attractive by his labors. Proud of his garden, his
fruits, his poultry and his stock,—everything
done by him gave evidence of unerring and
faithful care. He left nothing half way done,
and sacrificed his health in order that
everything of his should be the first
and the best. He was in the seventy-first
year of his age, and his life was spent in our
midst. His funeral discourse was preached by
Elder Saxby on Sunday afternoon, and his re-
mains laid in the beautiful cemetery in which
he took so much pride. Outside of his own
family no one will miss him more than the
writer. As school boys we played and romped
together and the friendship then formed was only
severed by death. As neighbor and friend, his
many acts of kindness in health, in sickness, in
sorrow and trouble will have a place in our
memory that time cannot erase, and in common
with our entire people we mingle our sympathy
and tears with the loved ones at home.

Privilege or Franchise FOR SALE.

Pursuant to a resolution adopted by the Board
of Council of the city of Maysville on May 2nd,
1895, we will at the Council Chamber in said city,
on May 10th, 1895, between the hours of 10 and
11 o'clock a. m., offer at public sale to the highest
and best bidder, a twenty year's Telephone
Privilege or Franchise in the city of Maysville,
provided that said city reserves the right to
reject any or all bids, and provided further that
said privilege or franchise will be granted only
upon the following conditions, to wit:
1. That all poles erected by the purchaser of
the said privilege or franchise shall be straight,
barked and painted. Those on Second street,
between Wall and Limestone streets, shall be not
less than thirty-five feet in length, and twenty-five
feet in length.
2. That the purchaser shall be required to put
all streets, alleys, pavements and other public
places disturbed or torn up by him in good order
and condition to the satisfaction of the Commit-
tee on Internal Improvement of the Board of
Council, and said committee is to have the super-
vision of the placing and locating of the poles.
3. That the City of Maysville will reserve the
right to pass such ordinances as may be proper
to regulate the conduct of the purchaser of the
aforesaid privilege or franchise, and also reserves
the right to grant similar privileges or franchises
at any time it may deem proper so to do.
4. That the purchaser will be required before
entering upon the construction of the work, un-
der said grant, to execute a bond to said City of
Maysville with approved security in the sum of
(\$5,000) five thousand dollars, conditioned for the
faithful performance of all the stipulations of the
grant, and to save the said city harmless from all
loss or damage it may sustain by reason of the
construction and operation of the works afore-
said.

FREE PIKES WON.

Judge Harbeson Set Aside the Restraining Order Tuesday Afternoon.

The Case Ably Argued—It Will Now Go to the Court of Appeals For Settlement.

The free turnpike advocates won another victory yesterday afternoon.

The restraining order issued some weeks ago in the suit commenced by Mr. Charles B. Pearce against the Sheriff and the Turnpike Commissioners was set aside and held for naught by Judge Harbeson.

And then by consent of parties, and in order to expedite the litigation and have the question finally settled, the injunction prayed for by plaintiff was granted and then dissolved, and the plaintiff was given twenty days time to apply to the Court of Appeals, for a re-instatement of the injunction. Such in brief is the result of Tuesday's proceedings. The case came up before Judge Harbeson on the motion of defendants to set aside the restraining order issued, as the law provides, by the Circuit Clerk on the filing of the suit.

It was a battle royal between the lawyers. Some of the ablest attorneys of the local bar were arrayed against each other, and they were assisted by two of the legal lights of Kentucky. For the plaintiff appeared Hon. William Lindsay, U. S. Senator and ex-Chief Justice of the Kentucky Court of Appeals, and Messrs W. H. Wadsworth, L. W. Robertson and A. M. J. Cochran. The defendants were represented by Hon. W. H. Holt, Ex-Chief Justice of the Kentucky Court of Appeals, and Ex-State Senator E. L. Worthington, Judge Wall, County Attorney Adair and Mr. L. W. Galbraith.

The points in dispute were simply questions of law. No affidavits were offered, no proof introduced.

The arguments were commenced about ten o'clock. Two speeches were made on each side. The defendants had the opening and closing.

Mr. Worthington opened the case for defendants and was followed by Mr. Cochran for plaintiff. After dinner Senator Lindsay closed the arguments for plaintiff and was followed by Judge Holt for defendants.

The points relied upon by each side were given by the BULLETIN at some length shortly after the filing of the suit. These points were elaborately set forth and argued by the lawyers.

The principal question in issue, however, was whether the special act of 1886 under which the Turnpike Commissioners were elected and are proceeding and under which the levy was made, is now in force.

The case was submitted to Judge Harbeson about 4 o'clock, and he promptly rendered his decision. He held that the special act referred to is still in force,—that the amendment to it in 1888 or 1889 was a reenactment of the original act, and that this act was not repealed by the general law passed in 1894. He, therefore, set aside the restraining order. His opinion in full is as follows:

The motion being entered to set aside the restraining order made by the Clerk of the Mason Circuit Court herein on the 16th day of April, 1895, and the parties being fully heard, it is ordered that the said restraining order be and the same is now set aside and held for naught. Thereupon, in order to expedite this litigation, and on motion of plaintiff, the injunction as prayed for in the petition is now granted, in the language of the restraining order, the plaintiff having executed bond with Joseph Wallingford as security, which is approved by the court and accepted. And on motion of defendants to set aside said injunction, to which plaintiff enters his appearance, the injunction is now dissolved, the order of dissolution not to take effect before the expiration of twenty days from this date, and in the meantime leave is granted to plaintiff to apply to a Judge of the Court of Appeals for reinstatement.

The application for a reinstatement of the injunction will be made at Frankfort next Friday before Judge Hazelrigg, and the fight will be fought over again. The case will soon be definitely settled.

COUNCILMAN H. R. BIERBOWER has let the contract for the building of a four-room frame cottage on the north side of Second street, Sixth ward, to Mr. George Harding. Work will be commenced soon.

MR. JOHN McILVAINEY was summoned to Louisville yesterday by a telegram announcing that his brother James had met with a serious accident, resulting in one leg being fractured and his back being injured. The particulars of the accident and extent of injuries have not been learned.

MRS. KATE BIERLEY having purchased Mrs. Frank Armstrong's millinery store on West Second will keep a complete stock of the best and most fashionable goods on hand at all times. She cordially invites her friends and the public generally to call when looking for anything in the millinery line.

It is estimated that the excursionists from Owensboro to Louisville a few days ago spent not less than \$5,000 with the merchants of the latter city. There is talk among the Owensboro business men of boycotting roads which run the excursions, and, if necessary, ordering their goods shipped to Owensboro by river.

LADIES often have their pocket books stolen while on the street. They are very apt to leave them on the counter while shopping or lay them down in the cars when traveling, but the ideal safety chain prevents all these accidents. This little novelty can also be used either as a fan holder or watch chain. See it at Ballenger's.

WE call special attention to the Purify Pharmacy advertisement in another column. They keep a full supply of drugs, drug sundries and cigars. The soda fountain is supplied with all pure fruit juices. Mr. Will C. Curran has charge of the prescription department, and will fill all prescriptions promptly. Mr. Frank Armstrong, the gentlemanly proprietor, extends an invitation to all to call when in need of anything in their line.

DURING the past week the work at the grounds of the Cotton States and International Exposition has been going on with great activity. As many as 1,500 men a day have been at work and progress along all the lines is marked. The Government building has been pushed forward with gratifying rapidity. The electric building is nearly completed and will be ready to be turned over to the Exposition company in three weeks. The contractor in charge of the negro building has a large force of hands employed and is doing his work well and rapidly. The machinery, the government, the fine arts, the forestry and manufacturers' buildings are moving upward as fast as the workmen can put the timber in place.

MAYSVILLE RACES.

A Three Day's Running Meeting To Be Held on July 4th, 5th and 6th.

The Thoroughbred Record says in its last issue: "Major J. W. Fitzgerald, of Maysville, has been in Lexington several days, incidentally attending the races, but more particularly in the interest of a running meeting that some of the enterprising citizens of Maysville propose to give July 4, 5 and 6. The Record is always glad to see these running meetings at small cities, as they serve to reach that part of our population who never attend the large tracks, and in this way the healthfulness of the sport becomes better known to the masses.

"The Maysville meeting will consist of purse races, so arranged as to conditions as to meet the requirements of the class of horses that will attend. There will be plenty of horses that will run up from Cincinnati to take a shy at the purses, and we think the meeting could be made quite an interesting and successful one."

Goods are things on sight, and sight is the most valuable possession on earth. To lose it is to lose everything. It's a serious handicap to have but defective vision, unless the evil is remedied by spectacles. Most defects of vision may be corrected wholly or in part by properly fitted glasses. The longer the use of spectacles is put off the greater and more serious the defect to be corrected. When the eyes are concerned delay is not to be thought of. "HONEST MAN; HONEST MONEY"

Governor Buckner and His Views on the Currency Question—Press Comments.

[Louisville Post]

"At last the Democrats of Kentucky have a leader."

"Simon Bolivar Buckner, once Governor of Kentucky, to-day a candidate for Senator, speaks with the clearness, directness and boldness which characterized his veto messages when he was saving the party from the blunders of the Legislature."

"It is not possible to overestimate the value of this declaration of Governor Buckner. Senator Blackburn has seized the flag of the Populists and is rallying all the unreasonable forces of discontent. Mr. McCrory refuses to sustain a demand for free coinage, but would continue indefinitely the purchase of silver."

"Gen. Buckner examines each proposition, rejects them both, and calls on the Democrats of Kentucky to remain true to their platform, true to their pledges, true to their historical record in contending for sound money, home rule and free trade."

Democrats of Kentucky have long listened to Governor Buckner and have followed him. They know his faithfulness, his courage and his convictions. They turn to his long record in public and private life and see nowhere any wavering or shadow of turning."

"And they will listen to him and follow him to-day. The heathen may rage and the wicked imagine a vain thing, but the Democrats know that Buckner speaks the truth, that he does this regardless of consequences. And he statements of his views will draw to him new elements of strength and put new courage and confidence in the hearts of the Democrats of Kentucky."

"Forward!"

Conrier Journal: "In an interview ex-Gov. Simon Bolivar Buckner enunciates the principles of sound finance and true Democracy, which are two expressions for the same thing. His utterances are clear, distinct and unmistakable. They are a bugle-call that summons Democrats to rally to the support of the principles of Jefferson, Jackson, Benton and Grover Cleveland."

"Gov. Buckner correctly summarizes the leading tenets of Democracy as Sound Money, Home Rule and Free Trade. He quotes the platform of 1892, which declares in favor of an international agreement in order to the rehabilitation of silver and the maintenance of the parity of the two metals. He is in favor of both gold and silver as money, but he refuses to ignore the conditions under which the two metals can be kept in circulation side by side. He does not believe that the lessons of history ought to be disregarded."

"Gov. Buckner shows by copious references to history that all attempts to make two metals of different values circulate side by side with unlimited coinage for both have been signally unsuccessful. On the other hand, the circulation of the two metals has been found quite practicable wherever the single standard has been supplemented by a governmental policy for preserving the parity."

GOOD NEWS FROM INDIANA.

Democrats Make Gains at the Elections Last Monday.

BROOKSVILLE, IND., May 6.—To-day's election was the first occasion in several years that a full Republican ticket was placed in the field. Congressman-elect Watson has been in town for some days, and the efforts to land every vote was as strenuous as a Presidential election. The Democrats elected a full ticket, the Republicans polling 26 per cent. of their vote, a decrease. No landslides here.

SHOALS, IND., May 6.—The town election to-day resulted in the Democrats overthrowing a Republican majority and electing three out of four candidates.

HEBRON, IND., May 6.—The Democrats elected their ticket to-day as follows: Trustee, William E. Sweeney; Marshal, George Morgan; Clerk and Treasurer, William J. Irvin.

ENGLISH, IND., May 6.—The town election to-day resulted in the election of the following Democratic ticket complete: Trustee First Ward, G. Q. Shaw, majority 2; Trustee Second Ward, Elmer B. Carr, majority 8; Trustee Third Ward, Emory Condra, majority 23; Clerk, James Goodwin, majority 8; Marshal, Bryant Davis, majority 21; Treasurer, Joseph Finch, no opposition. The A. P. A. cut quite a figure.

SCOTTSDALE, IND., May 6.—At the town election to-day the Democrats elected all but one Trustee, which reverses the result of one year ago.

GAS CITY, IND., May 6.—Gas City is in an uproar to-night. The first Mayor of Gas City was elected to-day, and he was at the head of the first Democratic ticket nominated since 1860. His majority was 501.

A Good Man Gone Wrong.

[Cynthiana Democrat.]

Senator Blackburn is entitled to credit for taking a bold stand on the currency question. The public likes outspokenness, whether they agree with the principles advocated or not. We believe the Senator's revolutionary ideas are dangerous, though he has undoubtedly struck a chord that draws a ready response from an unthinking and debt-ridden people. He is a living example of a good man gone wrong. Still, his election to the Senate would be of small consequence one way or the other; for if as Chairman of the important Committee on Rules in the last Congress he could do nothing to put the Democratic majority in a position to control the business of the Senate, as a simple member on the floor of a Republican body he certainly will not put free silver through with a rush.

A Free Medical Book For Men.

Under the heading "The Triumph of Love is Happy and Fruitful Marriage," an announcement appears in our paper to-day of a book published by the Erie Medical Company, of Buffalo, N. Y. This company's standing is very high and its remarkable claims merit the attention of every man.

'THE TRIUMPH OF LOVE'

IS HAPPY, FRUITFUL MARRIAGE." Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Aton for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with the generation of men."

To cure nervousness, lack of self-control, debility, etc. To exchange a faded and worn nature for one of brightness, buoyancy and power. To cure forever effects of excesses, overwork, etc. To give full strength, development and tone to every portion and organ of the body. Age no barrier. Endure 100 years. Two thousand references.

The book is purely medical and scientific, and is a complete encyclopedia of the human body. A despairing man, who had applied to us, after writing: 'I just babble with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me this? I first wrote that I would find it this way.'"

And another writes: 'You dumped a cart load of gold at my feet. It would not bring such gladness into my life as your method has done.'"

Write to the Erie Medical Company, 1212 N. Y., and ask for the little book "COMPLETE MANHOOD." Refer to the enclosed and the company promises to send the book, sealed envelope, without any charge, and entirely free, until it is well introduced into the system.

HOTEL FOR SALE

Having heard that a new hotel will probably be built, and knowing that two modern hotels will pay nothing to the owners or proprietors, and fearing that a good many people in this country are possessed with more money than hotel knowledge, I hereby offer

The Central For Sale,

at one-half the cost of a new one, on a credit of one year. With an outlay of a few thousand dollars (which will be done if not sold) the Central can be converted into a modern hotel large enough to accommodate all the traveling public for fifty years to come.

All communications addressed to the undersigned will receive prompt attention.

I. N. FOSTER, 216 Market Street.

Purity Pharmacy!

The undersigned desire to announce to the public the re-opening of this well known and favorably patronized family drug store. The aim and object of the firm is to keep a class of

DRUGS, Drug Sundries, Cigars

and articles generally which are usually found in first-class pharmacies.

The beautiful SODA FOUNTAIN is now charged and only pure fruit juices with ice cream will be used, so that at all times you can get a glass of this cooling and sparkling beverage.

Our Prescription Department will be in charge of Mr. Wm. C. Curran, a practical and experienced pharmacist, who will be at the service of our patrons any hour. It shall be our desire to please the public. To that end we solicit your patronage. We shall be glad to have you make our store your headquarters. Stamps, Street Car Tickets, Cigars and other articles for comfort will be found. Respectfully yours,

JOHN ARMSTRONG & SON.
